APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued for flood and surplus water only, and with the distinct condition that prior rights will not be invaded. No water shall be diverted under this grant except at such times as there is more water in the source than necessary to properly irrigate the lands which are entitled to prior use of it.

The state reserves the right to regulate the use of the water herein granted to insure a proper distribution on the stream.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed Two & 15/100 cubic feet per second. (2.15)

Actual construction work shall begin on or before May 24th, 1915.

Proof of commencement of work shall be filed before June 24th, 1915.

Work must be prosecuted with reasonable diligence and be completed on or before May 24th, 1916.

Application of water to beneficial use shall be made on or before October 24th, 1919. *Abrogated by Act 56/86 C.C.B.*

Proof of the application of water to beneficial use must be filed with the State Engineer on or before November 24th, 1919.

WITNESS MY HAND AND SEAL this 24th day of November, 1914.
